

PRESIDENT WILSON AND THE WAR SUFFERERS.

There should be no hesitation on the part of any humane man or woman, whatever may be the political affiliations, denominational differences, religious faiths or racial history, in responding to the President's appeal in behalf of starving Armenia, Syria, Persia and Palestine. Only think of the land of Noah, Moses, Daniel and Jesus of Nazareth so sorely afflicted and people starving to death by the thousands. The people in such distressing extremities are the most intelligent, progressive and enterprising in the eastern war zone.

Armenia has been evangelized for fifteen hundred years and it has persistently remained christian from the fourth century. The Armenian Christian church is the purest in doctrine and life of any church in the East. In polity it is something after the order of the Greek church, or the Eastern division of the Catholic church, but more progressive. They are the most desirable race in the Ottoman empire. They have suffered persecution and unprovoked massacres by the followers of Mohammed for more than a thousand years and the greater misery of their distress is due to a far-reaching scheme for their complete extermination by the Islam power. One million Armenian christians have already perished and thousands of Syrians, Jews and Russians have already starved and perished and several millions more will perish this winter unless we relieve them. And we must relieve them. There is nobody else to give them relief. They are looking to us and appealing to us. What are we going to do about it?

Of course Hopkinsville and Christian county will not allow the President's appeal to be made to us in vain. Mr. Ira L. Smith, of the City Bank & Trust Co., is acting as treasurer, and he will gladly receive your contribution. Since we began calling attention to Woodrow Wilson's appeal for these suffering women and children who are starving to death by the hundreds and thousands more than \$40 has been put into his hand on this relief fund.

We earnestly urge all the churches, white and colored, in the city and country to present this appeal and take an offering for these distressed people next Sunday. Also we suggest that the Elks Lodge, Mason's, Knights of Pythians, Woodmen of the World, Odd Fellows, clubs and all the benevolent orders in the city and county call meetings and take action and make offerings for the relief of these dying women and children in Armenia, Syria, Persia and Palestine. Surely our people who are so highly favored with abundance and a competence and have enough and to spare, will not allow our President's appeal to go unnoticed. Let everybody in the community take a hand at giving Armenia and the rest relief, and Mr. Smith will forward a draft next week for the full amount to the American Committee for Relief at New York.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana. — "My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy." — Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy. If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Why Edison is For Wilson.

The great wizard, all his life a Republican, says he is for Wilson "because he has won victories by diplomacy far more important to mankind than any victories we could have won by war. Perhaps he has blundered, as they say, but I notice that he usually blunders forward. He has had four years of experience and I think he has earned both faith and trust. It is neither the sensible nor logical thing to change to an inexperienced and untried man just for the sake of a change." The great inventor could not have given better reasons if he had taken a column to enumerate them. They are summed up in a nutshell. President Wilson is entitled to the gratitude and support of every patriotic American and ought to be re-elected by such a majority as will show how greatly the people appreciate what he has done for them in prices that have hardly had a counterpart in the history of this country. And from information which comes from all over the United States they are preparing to do so. There seems nothing so sure in the future as that he will be given four more years to carry out his program of greater service for the people.

PREVENT SOURING OF CREAM

Acid Developed Through Process Is Injurious to Infants—Keep Dirt and Bacteria Out.

Extra precautions should now be taken, on account of the warm weather, to keep milk and cream sweet. The acid developed through souring is very injurious to infants, and while it may not be so to older persons, it is very distasteful to them. Bacteria will not sour milk unless permitted to grow in it, therefore every precautionary measure should be taken to prevent them from doing so, by cooling the milk as soon as it is produced and keeping it cool from then until it is delivered. Housewives and dairymen should remember that cleanliness and low temperature (50 degrees F.) will prevent loss from this source.

As dirt is filled with bacteria, both dirt and bacteria should be kept out of the milk by using small-top milk-pails and by thoroughly washing and airing all dairy utensils. Another important factor is to keep the barnyard clean, use plenty of bedding, and brush the cows daily, thus preventing them from becoming dirty.

Big Claims To Ohio.

The Cincinnati Enquirer's straw vote puts Ohio largely for Wilson. A Cincinnati Congressman in Louisville a few days ago said that the Democrats would carry it by 150,000. It would not surprise. It is the State of big majorities and when she goes a catin she goes a catin.

Will Go To Hopkinsville

Dr. Oscar Flener and wife will remove to Hopkinsville the first of November, where Dr. Flener will practice dentistry. He came to this city almost five years ago and in this time has established a successful business. He and Mrs. Flener are active and popular in religious circles and they will be very much missed. Mrs. Flener is also an active member of the Musical Art Club and the Aftermath Club. The Times highly recommends this popular couple to the people of Hopkinsville. — Russellville Times.

Ready For Them.

"Mary," said the sick man to his wife when the doctor had pronounced it a case of smallpox, "if any of my creditors call, tell them that I am at last in a position to give them something."

Statements that the Western States are ablaze with enthusiasm for Wilson and that Jackson Johnson, noted manufacturer, will vote for the Democratic nominee has caused Democratic stock to go up in Illinois.

Mexican Ladies Here.

Mrs. Virginia Carranza, wife of Gen. Venustiano Carranza, in charge of the executive power of the de facto government of Mexico, accompanied by her two daughters and Mrs. Alvaro Obregon, wife of the Mexican minister of war, arrived in Nuevo Laredo, Tex., Sunday, from Mexico City on a special train. They would not discuss their trip nor its object. Alonzo B. Garrett, American consul at Nuevo Laredo, has been instructed by the state department to show the party every courtesy in entering the United States. They left Monday for San Antonio. Mrs. Obregon is expected to go later to Los Angeles.
